

It is unacceptable that Sinclair Broadcasting is forcing their stations to air an anti-Kerry documentaary just before election day. The American people have obviously been napping while the rules for decency and fair play have been usurped.

By allowing Sinclair to use the public airwaves free of charge, they are obligated by law to serve the interest of the American people. They are obviously only serving their own corporate interests in this matter and should be stopped immediately.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
